

Finance AI Agent Report

Periodo: 2026-06
Generado por Finance AI Agent a partir de datos procesados.

Resumen ejecutivo

The university faces critical financial anomalies in June 2026, including negative cash flow, Facilities and Services category overspending, and missing transaction data. Key evidence shows departmental budget variances exceeding thresholds, with incomplete data hindering full analysis.

Hallazgos clave

- Net cash flow is critically low (threshold: 0.0), with operating, scholarship, and capital cash outflows requiring review.
- Facilities category overspending (6 transactions) across Health Sciences, Arts & Humanities, Student Services, and Administration departments.
- Services category overspending (11 transactions) with vendors like FacilitiesPlus and CloudEdu contributing to budget variances.
- Student collection rate missed target due to 0 processed transactions retrieved, indicating data unavailability.

Causas raíz probables

- Inadequate transaction processing leading to missing data for collection rate analysis.
- Unplanned vendor payments (e.g., FacilitiesPlus, CloudEdu) causing Services category overspending.
- Departmental budget variances exceeding 12% threshold for Facilities and Services categories.
- Negative cash flow driven by unreviewed operating, scholarship, and capital outflows.

Recomendaciones estratégicas

Prioridades estratégicas

Prioridad
Prevent cash flow deterioration
Control category overspending
Improve data completeness for revenue tracking

Causas raíz

Causa probable
Inadequate transaction processing leading to missing data for collection rate analysis.
Unplanned vendor payments (e.g., FacilitiesPlus, CloudEdu) causing Services category overspending.
Departmental budget variances exceeding 12% threshold for Facilities and Services categories.
Negative cash flow driven by unreviewed operating, scholarship, and capital outflows.

Acciones recomendadas

Prioridad	Acción	Impacto
critical	Review operating, scholarship, and capital cash outflows immediately.	Restore positive cash flow within 30 days.
critical	Audit Facilities and Services category transactions by department.	Reduce category overspending by 20% within 60 days.
high	Investigate missing transaction data for student collections.	Improve collection rate accuracy by 15% within 45 days.

Critical anomalies in cash flow and category overspending are supported by evidence, but missing transaction data reduces confidence in collection rate analysis. Recommendations prioritize immediate cash flow review and category audits based on available evidence.

Información faltante

- No processed transactions for student collections (STEP-001, STEP-002)
- Historical memory database unavailable for unresolved data (STEP-006)
