Recomendaciones estratégicas

Prioridades estratégicas

Prioridad
Prevent Facilities and Services category overspending from becoming annual budget issues
Ensure student revenue collection meets targets to maintain financial stability
Implement real-time transaction monitoring to catch anomalies earlier

Causas raíz

Causa probable
Unplanned facility maintenance or utility cost increases driving Facilities category overspending
Unexpected service contracts or vendor pricing changes contributing to Services category variances
Potential revenue collection system issues causing student collection rate shortfall
Lack of real-time transaction monitoring leading to delayed identification of spending anomalies

Acciones recomendadas

Prioridad	Acción	Impacto
high	Conduct facility maintenance cost analysis for July 2026	Identify cost drivers and prevent recurrence in future months
high	Review service contracts with vendors for July 2026	Negotiate better terms or identify billing errors
medium	Investigate student collection system for July 2026 transaction failures	Improve revenue collection accuracy and timeliness

Evidence shows significant Facilities and Services category variances across all departments, with payroll within budget. Student collection rate shortfall lacks transaction data. Recommendations focus on analyzing the largest variances first, with high priority on Facilities and Services categories where evidence is strongest.
