

Finance AI Agent Report

Periodo: June 2026

Generado por Finance AI Agent a partir de datos procesados.

Resumen ejecutivo

The June 2026 payroll data shows significant variance in Health Sciences department, with a \$87,255 over-budget amount. Engineering and Business departments show moderate variances, while Administration shows minimal variance. The data indicates potential budgeting or staffing issues in Health Sciences.

Hallazgos clave

- Health Sciences department payroll variance is \$87,255 above budget, representing a 34.2% overage compared to budget (\$254,745 budget vs \$342,000 actual).
- Engineering department shows consistent monthly variance growth from April (\$1,342) to June (\$4,928), indicating a trend.
- Business department variance is stable at \$3,463 in June, but shows a pattern of increasing variance from April (\$943) to May (\$1,905) to June (\$3,463).
- Administration department variance is minimal (\$3,193 in June) and shows a consistent pattern of small variances.

Causas raíz probables

- Health Sciences department may have unexpected overtime or staffing increases not reflected in budget.
- Engineering department's increasing variance suggests possible unaccounted overtime or salary adjustments.
- Business department's consistent variance growth may indicate a need for revised budgeting or staffing planning.
- Administration department's minimal variance suggests effective budget management.

Recomendaciones estratégicas

Prioridades estratégicas

Prioridad
Address Health Sciences department overage immediately
Monitor Engineering department variance trend

Prioridad
Refine budgeting process for Business department

Causas raíz

Causa probable
Health Sciences department may have unexpected overtime or staffing increases not reflected in budget.
Engineering department's increasing variance suggests possible unaccounted overtime or salary adjustments.
Business department's consistent variance growth may indicate a need for revised budgeting or staffing planning.
Administration department's minimal variance suggests effective budget management.

Acciones recomendadas

Prioridad	Acción	Impacto
high	Conduct a detailed review of Health Sciences department payroll for June 2026	Identify root cause of overage and implement corrective measures to prevent recurrence.
high	Analyze Engineering department's monthly variance trend	Determine if trend is sustainable and adjust budgeting processes accordingly.
medium	Review Business department's budgeting process	Improve budget accuracy for future periods.

The evidence shows significant variance in Health Sciences department, with a 34.2% overage. Engineering shows a consistent upward trend in variance, while Business shows a steady increase. Administration shows minimal variance, indicating effective budget management. The recommendations focus on addressing the largest variance first, analyzing trends, and improving budgeting processes.
