

Finance AI Agent Report

Periodo: 2026-06
Generado por Finance AI Agent a partir de datos procesados.

Resumen ejecutivo

The June 2026 financial report shows significant overspending in Engineering and Health Sciences departments, with Engineering exceeding its budget by \$111,996 and Health Sciences by \$92,859. The payroll budget variance for Health Sciences is particularly concerning at \$87,255, indicating potential mismanagement in salary and benefits allocation.

Hallazgos clave

- Engineering's actual expenses (\$734,196) exceeded budget (\$622,200) by \$111,996, driven by vendor payments for supplies and services.
- Health Sciences' actual expenses (\$658,959) exceeded budget (\$566,100) by \$92,859, with a \$87,255 payroll variance.
- Student payments for Health Sciences were fully paid on time, indicating no collection rate issues.
- No transaction records were retrieved for flagged vendor payments, raising concerns about payment validation.

Causas raíz probables

- Unplanned vendor payments for supplies and services in Engineering departments.
- Excessive payroll allocation in Health Sciences, particularly in base salary and benefits.
- Lack of verification for flagged vendor payments due to missing transaction records.
- Potential misalignment between budgeted and actual expense categories in Health Sciences.

Recomendaciones estratégicas

Prioridades estratégicas

Prioridad
Address Health Sciences payroll overspending to align with annual budget goals.
Resolve vendor payment verification issues to prevent financial discrepancies.

Causas raíz

Causa probable
Unplanned vendor payments for supplies and services in Engineering departments.
Excessive payroll allocation in Health Sciences, particularly in base salary and benefits.
Lack of verification for flagged vendor payments due to missing transaction records.
Potential misalignment between budgeted and actual expense categories in Health Sciences.

Acciones recomendadas

Prioridad	Acción	Impacto
high	Conduct a detailed audit of Health Sciences payroll allocation.	Reduce payroll overspending by identifying and correcting misallocated funds.
high	Verify flagged vendor payments with supporting documentation.	Prevent duplicate or invalid payments, reducing financial risk.
medium	Review Engineering's vendor payment patterns for cost optimization.	Identify cost-saving opportunities in vendor contracts.

The evidence shows clear overspending in Engineering and Health Sciences, with Health Sciences' payroll variance being a critical issue. The lack of transaction records for flagged payments raises immediate concerns about payment validation. Recommendations focus on addressing the most significant variances and verifying questionable payments.
